## Experience

### 2013 YardPartners – Freelance Designer

I currently design and code websites with Fulham design agency YardPartners. Working with clients such as **Unilever** and **Ben & Jerry's** I design sites that work cross browser using HTML, CSS and JQuery.

### 2011 Loylogic – Web Designer

Working within the marketing team I followed briefs to create beautiful accessible websites that work across all viewing platforms. I worked to brand guidelines and presented designs to clients including **Delta** and **Scandinavian Airlines**. I designed the new **Hilton Earn Mall** 'shoptoearn.hhonors.com' and I was also responsible for training and quality checking the work of a junior designer.

### 2010 CD-adapco – Multimedia Designer

I redesigned the company website, streamlining the structure and navigation as well as totally overhauling the visual design using XHTML, CSS and JQuery. I also rebuilt the company's flash player for animations and videos using Action Script 3.

### 2009 iCrossing – Digital Designer

I worked on various web and UI design projects for clients including **M&S**, **Next** and **HBOS**.

### 2007 Film Education – Web Master

As well as managing all online resources I designed sites that had to meet branding guidelines and approval from distributors such as **Pathé** (The Fox and the Child) and **Dreamworks** (The Kiterunner) as well as being highly usable and accessible for teachers and pupils.

# Skills

- Excellent knowledge of the Creative Suite including Photoshop, Illustrator, Fireworks, Flash, InDesign and Dreamweaver.
- Excellent knowledge of XHTML, HTML 5, CSS 2 and 3 and Javascript and JQuery.

# Education

## **Brunel University**

Paid Work Placement – successfully completed with professional development

**2006**

Imaging A, Design Practice B, Web Applications B, Communication B, Video and Sound B, Interaction B

**2005**

Systems and Computing A, Internet Technologies & Web Site Design B, Multimedia Studio B

# Interests

I love animation and have created 3D, flash and stop motion animations. I also like to keep up with web trends and try to glimpse the future of our interconnected super consciousness.

In my spare time I sing and play folk songs from the UK and Eastern Europe in Brighton band Boondock.
